

1. PURCHASE ORDER. Mirion Technologies (Canberra BNLS) NV (“Mirion”) hereby issues a Purchase Order (“Order”) for the goods (including licenses) or services specified on the front page hereof (hereinafter, “Items”) from the supplier (“Supplier”) specified in the Order. Acceptance of this Order is expressly limited to the terms hereof. If Supplier objects to any of the terms hereof, he shall notify Mirion in writing within 10 days after the date hereof. If this Order has been issued by Mirion in response to an offer, then the issuance of this Order by Mirion shall constitute an acceptance of such offer subject to the express condition that Supplier agrees to the additional and different terms set forth in this Order, including these standard Terms and Conditions for Supply of Goods and Services.

2. ORDER CHANGES/DELIVERY/TERMINATION. Prior to delivery of the Order, Mirion may make changes in the specifications, designs or drawings, or other description to which the Items are to conform by providing Supplier with a written notification with statement of the valid reasons for these changes. If any such changes cause an increase or decrease in the cost of, or the time required for, the performance of any part of the work, an equitable adjustment may be made in the price or delivery schedule, or both, and this Order will be adjusted in writing accordingly. Any claim by Supplier regarding the aforementioned adjustment must be made in writing within twenty (20) days of the receipt of written notification from Mirion. Supplier may not substitute any components or materials in the Order without the prior written consent of Mirion. Supplier may not assign or subcontract this Order without the prior written consent of Mirion regarding the aforementioned. The lead times are essential to Mirion. Mirion may rescind all or any part of this Order in the event of any default or delay by Supplier. Mirion may rescind this Order at its discretion by simple notice until confirmation of the Order by Supplier.

3. ACCEPTANCE. Mirion shall have a reasonable time after delivery of the Order to inspect and test the Items. If any of the Items are found to be defective or not in accordance with the specifications mentioned in the Order, Mirion may at its discretion a) reject and return these Items at Supplier’s expense or b) require Supplier to replace these Items with Items in accordance with this Order. Mirion will have no payment obligation for any of the Items not accepted by Mirion. Title of the Items shall pass to Mirion upon acceptance of the Items or at the time of payment, whichever comes first. The risk regarding the Items shall pass upon acceptance of the Items. Acceptance of any Item does not constitute a waiver of any warranty.

4. INVOICES. Invoices shall contain the following information as applicable: Purchase Order number, line item number, part number and/or description of materials or service(s), quantity, unit of issue, unit price, and extended totals. Any applicable taxes shall be shown separately on the invoice. Supplier shall not invoice Mirion prior to delivery or performance of the Items.

5. PAYMENT. The payment term of invoices shall not be less than 45 days from receipt of the invoices. To the extent requested by Mirion, and when permitted by law, Supplier shall combine or separate items on an invoice in order to minimize value-added tax, goods/services tax, or other taxes. Mirion will not be responsible for any currency rate changes. If reimbursable travel expenses are invoiced, Supplier shall submit an itemization and documentation of any such expenses.

6. MIRION PROPERTY RIGHTS. All software (including modifications and documentation), products, inventions, documents, writings and other materials developed by Supplier and commissioned by Mirion (collectively, the “Developments”) shall be the sole and exclusive property of Mirion. Supplier agrees that the Developments shall constitute commissioned creations or inventions to the extent permitted by applicable law. Supplier explicitly agrees that Mirion shall retain all copyright, patent, trade secret, trademark and any other intellectual property rights (“Intellectual Property Rights”) in the Developments. In the event that any of the Developments do not qualify as commissioned creations or inventions, Supplier hereby assigns to Mirion, without additional consideration, all right, title and interest and all Intellectual Property Rights in such Developments and all extensions and renewals thereof. Supplier agrees to execute a written assignment of such rights in the Developments to Mirion and any other documents necessary for Mirion to establish, preserve, perfect or enforce its Intellectual Property Rights in the Developments if so requested by Mirion. Unless otherwise agreed, Supplier renounces and agrees not to assert, to the extent permitted by law, the exercise of its paternity right and its integrity right, and undertakes to at least respect the moral right to paternity in accordance with fair and prevailing professional customs. Unless otherwise agreed, Supplier acknowledges that he will have exhausted its right of division with regard to the Items by the material communication of the Items to Mirion. Supplier agrees that the aforementioned agreement regarding moral rights (paternity right, integrity right, right of division) does not constitute a global waiver of the future exercise of a moral right and are limited and clearly defined.

7. WARRANTIES. Supplier warrants that all its obligations will be performed in accordance with this Order, as well as potential other contractual documents which apply, best practice, permitting and licensing requirements, and in general all applicable

standards and regulations, laws and other official provisions. Supplier shall indemnify and hold harmless Mirion from any claim, fine, penalty or proceeding resulting from non-compliance with present clause. Supplier warrants for two (2) years following the acceptance that the Items shall be merchantable, fit for their intended purpose and without any hidden defects, and shall conform to specifications or description provided by Supplier. Supplier warrants that the Items shall be free from any defects, are free from all liens, claims, or encumbrances, and do not infringe third party intellectual property rights, and conform to the highest standards of practice defects and reflect professional knowledge and judgment. Mirion may return to Supplier for full refund any Items which do not meet these warranties, or Mirion may require correction or replacement of such Items at Supplier’s expense.

8. INDEMNITY. Supplier shall defend, indemnify and hold harmless Mirion, its officers, directors, employees and clients from any losses, liabilities, damages, demands, suits, causes of action, judgments, costs or expenses (including court costs and reasonable attorneys’ fees) in connection with (i) any claim that the Items infringe or misappropriate a copyright, patent, trademark, trade secret, or any other intellectual property or proprietary right of any third party, (ii) Supplier’s breach of warranty, negligence, willful misconduct, fraud, misrepresentation, or violation of law, treaty, or regulation and (iii) any property damage, personal injury or death which results from the Items provided hereunder. Supplier agrees that Mirion shall have the right to control and participate in the defense of any such demand, suit or cause of action concerning matters that relate to Mirion, and that such suit will not be settled without Mirion’s consent.

9. LIABILITY. In no event shall Mirion be liable to Supplier for any special, indirect, incidental or consequential damages, including but not limited to lost profits, overhead, or opportunity costs.

10. INDEPENDENT CONTRACTOR RELATIONSHIP. No agency or partnership relationship is created between Supplier and Mirion as a result of the transaction which is the subject matter of this purchase Order. Supplier and Mirion understand and agree that Supplier’s relationship to Mirion shall be that of an independent contractor. Supplier shall in no way be considered as an employee of Mirion. Supplier acts solely for its own account.

11. EXPORT CONTROL. The Items listed on this quote may be subject to the export control laws and regulations of the European Union, its Member States and other countries, including the United States (collectively, “Applicable Laws”). Supplier agrees to comply with all Applicable Laws and acknowledges it will not directly or indirectly export or re-export to any country to which such export or transmission is prohibited under Applicable Laws. Supplier may be required to provide supporting documentation, including End User Statements. If any export license is required, this Order is made subject to the issuance of any such license. Supplier agrees that any quoted timeframe is exclusive of the time necessary to secure export control licenses

12. MISCELLANEOUS. 1) This Order and the relationship between parties is governed by Belgian law. 2) In the event of a dispute, the courts of Turnhout (Belgium) will have sole jurisdiction. 3) Any provision of this Order held to be invalid or unenforceable shall be deemed amended to conform to applicable laws or regulations, or if it cannot be so amended without materially altering the intention of the parties, it shall be stricken and the remainder of this Order shall remain in full force and effect. The waiver by either party of any breach of this Order shall not constitute a waiver of any other or subsequent breach. 4) Supplier shall protect as confidential information all facts relating to the transaction which is the subject of this purchase Order. Supplier shall not disclose any information relating to this Order to any third party or in any manner advertise or publish the fact that it has furnished, or contracted to furnish Items hereunder, or use any mark or name of or otherwise refer to Mirion without the prior written consent of Mirion. 5) Upon sixty (60) days prior notice Mirion shall be given access to facilities where goods are being made or stored, or where services are being performed, and provided full access to all applicable records, to examine the good performance by Supplier. 6) Parties agree that these terms and conditions constitute the consensus between parties and that they do not establish an imbalance between the rights and obligations of either party.
